| 28 | USA            |
| 29 | USSR           |
| 30 | Yugoslavia     |

#### Notes for Tables 1 to 30:

Prevalence = Prevalence of smoking (%), total cigarettes, 20 years earlier.

Consumption = Consumption of total cigarettes per adult, 20 years earlier.

Cons tar adj = Consumption of total cigarettes per adult, 20 years earlier, square root tar adjusted.

N = Number of data pairs

R = Pearson correlation coefficient

### Summary of results within 30 countries

- |    |   |
|----|---|
| 31 | Lung Cancer mortality and prevalence of smoking, 20 years earlier                                     |
| 32 | Lung Cancer mortality and consumption, 20 years earlier   |
| 33 | Lung Cancer mortality and consumption (square root tar adjusted), 20 years earlier                    |
| 34 | Lung Cancer mortality and prevalence of smoking averaged from 25 to 5 years earlier                   |
| 35 | Lung Cancer mortality and consumption, averaged from 25 to 5 years earlier                            |
| 36 | Lung Cancer mortality and consumption (square root tar adjusted), averaged from 25 to 5 years earlier |
| 37 | Lung Cancer mortality and prevalence of smoking, 20 years earlier – all tobacco products              |
